UPHSL, Biñan | March 17, 2025

The University of Perpetual Help System Laguna (UPHSL), through the Office of International and External Affairs headed by Dr. Josefa G. Carrillo, Director for International and External Affairs warmly welcomed its new Nepalese students with a guided campus tour at the Biñan campus.

The tour was designed to help the students familiarize themselves with key university facilities, academic departments, and student support offices. It also served as an opportunity for them to interact with faculty members, staff, and student leaders, easing their transition into a new academic and cultural environment.

The activity highlighted important areas such as the library, registrar's office, laboratories, clinics, learning resource centers, and recreational spaces like gymnasium ang swimming pool—giving the students a comprehensive overview of what the campus has to offer. Interactive discussions along the way allowed students to ask questions and gain practical insights about life at UPHSL.

The event concluded with a group photo and a warm message of encouragement, reinforcing UPHSL's mission to provide a globally inclusive and student-centered educational experience.
