

GIFT OF BLOOD

Gift of Life

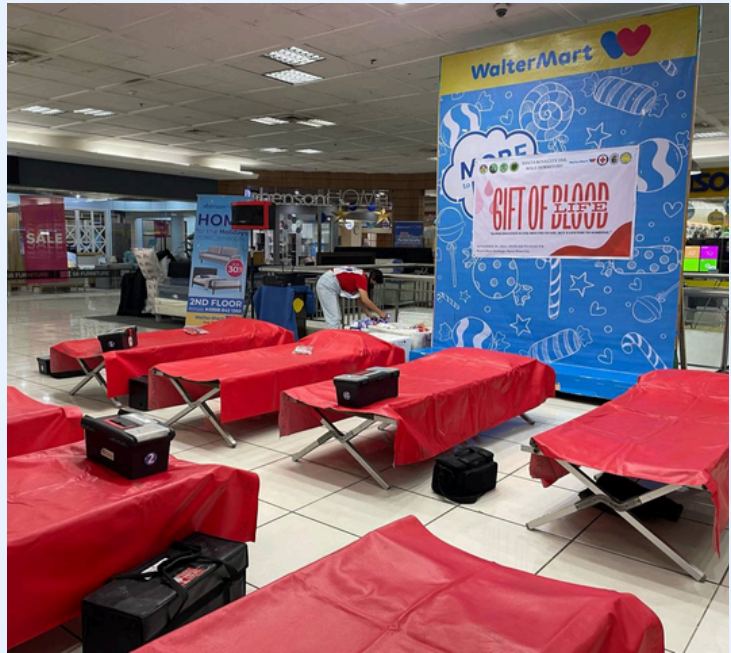

NOVEMBER 1 - 30, 2024

PERPETUALISTA

THE COMMUNITY OUTREACH DEPARTMENT ANNUAL REPORT

GIFT OF BLOOD: *Gift of Life*

In a powerful display of compassion and unity, the University of Perpetual Help System Laguna, together with the Community Outreach Department, proudly participated in a life-saving blood donation drive last November 30, 2024, at Waltermart Balibago, Santa Rosa City. With the theme "Gift of Blood. Gift of Life: Blood donation is a few minutes to you, but a lifetime to someone," the event served as a heartfelt reminder of how a small act can make a world of difference.

The activity followed a systematic and safe process. Upon arrival, potential donors proceeded through four essential steps: registration, medical consultation, health screening, and finally, for those who qualified—blood extraction.

The venue buzzed with purpose as volunteers and health professionals worked hand in hand to ensure a smooth and secure donation experience. Each blood bag collected represents hope and healing for those in dire need of transfusions—accident victims, surgical patients, and individuals battling chronic illnesses. As a token of appreciation and gratitude, each donor received food and tokens courtesy of the Bureau of Jail Management and Penology (BJMP) Santa Rosa. These small gestures highlighted the shared commitment to humanity and community service across different sectors.

This event stood as a testament to the selfless spirit of Perpetualites and the value of being instruments of hope. Through this initiative, the University continues its mission of nurturing socially responsible individuals who uplift lives—one drop of blood at a time. Indeed, donating blood takes just a few minutes, but for someone, it can mean a lifetime.

This blood donation drive was more than just a medical initiative—it was a celebration of humanity, solidarity, and the quiet heroism found in giving without expecting anything in return. As each drop of blood flowed, so did the spirit of service and compassion that defines every Perpetualite. Together, we proved that in just a few minutes, we can offer someone the gift of a lifetime. May this act of kindness spark a ripple of generosity in others, reminding us all that within us lies the power to save lives.
